Quick Guide to Public Hearings

What is a Public Hearing?

Public hearings are often required by federal, state or local law. These hearings allow the Town Council to receive and consider factual evidence from the public before deciding important issues. This process is an opportunity for members of the public to share information before decisions are made.

Evidentiary Public Hearings (Development Plan)

The public hearing allows the Town Council to receive public comments regarding the proposal and then have discussion and deliberation. Based on the information provided on the proposal, the Town Council will make a determination on whether or not to approve the proposed development plan.

How to prepare for a Public Hearing

If you do not have comments or concerns:

- If you do not have any comments or concerns on the proposal, plan on attending the public hearing to learn more information about the proposal. If you decide you have comments or concerns based upon the discussion of the proposal, you will be allowed to share your thoughts with the Town Council.

If you have comments or concerns:

- If you have comments or concerns on the proposal, plan on attending the public hearing to share your thoughts with the Town Council. Sometimes, things such as photos, appraisals, or other documentation are helpful. Anything you present to the Town Council will be collected by the Clerk for permanent record.

If you are in support of the proposal:

- If you are in support of the proposal, plan on attending the public hearing to share your support with the Town Council.

What to expect at the Public Hearing

When you arrive in the Holly Springs Council Chambers on the second floor of Town Hall (128 S. Main Street), look for the public hearing sign-up sheet located on the table inside the doorway. Place your name on the appropriate sign-up sheet if you would like to speak during the public hearing. Please find a seat in the council chambers and wait for the public hearing to begin.

For all public hearings, the Mayor or Chair will call on a staff member to present details about the proposal. The Mayor or Chair will then open the public hearing for individuals who want to speak. If you signed up to speak, your name will be called to come to the podium. Follow these tips when speaking:

- Before making your comments, please state your full name and address.
- Be concise with your remarks; it may help to write your comments before the meeting to ensure you capture your important points.
- Limit comments to three minutes or less. The Mayor or Chair will politely interrupt you to remind you that your time has expired and will call the next speaker to the podium.
- Avoid repetition; if other speakers before you have already made a certain point, then please don't repeat those comments.
- Designate a spokesperson for groups; this is the most effective way to relay the points of groups to avoid repetition. The spokesperson may recognize the group by asking them to stand.
