ARTICLE II

The lots described in Article I hereof shall be known and described as residential lots. No building shall be erected, altered, placed or permitted to remain on any residential lot other than one detached single-family dwelling not to exceed two stories in height (exclusive of basement and attic) and a private garage for not more than two cars.

ARTICLE III

No tree (other than dead or diseased trees) shall be removed from any Lot nor shall any building, fence, wall or other structure, swimming pool or tennis courts be commenced, erected or maintained on any Lot, nor shall any exterior addition to, removal of all or any part of, or exterior change or alteration (structural or nonstructural) in any improvement on any Lot be made until such removal or the plans and specifications (showing the nature, kind, shape, height, materials, colors and location) therefor shall have been submitted to and approved in writing as to harmony of external design, types of material, colors and location in relation to surrounding structures and

topography by an architectural control committee. Reference herein to "Architectural Control Committee" shall refer to an architectural control committee as created and established pursuant to the Master Covenants. In the event the Architectural Control Committee fails to approve or disapprove any design, materials, colors and location or any requested building (set-back) line or orientation variance pursuant to Article IX, hereof, within forty-five (45) days after all required plans and specifications have been submitted to it (and fees, if required, have been paid), approval will not be required and this provision will be deemed to have been fully complied with. The Architectural Control Committee is authorized where it deems appropriate to charge a review fee for any submission to defray the costs of reviews it conducts or authorizes.

It is the intent of this Declaration that all buildings and structures within the Properties shall be constructed of attractive exterior materials of high quality. In its review of submissions, the Architectural Control Committee shall evaluate the construction standards and building materials for all proposed construction on the Lots to insure that they are in conformance with such objectives. Accessory buildings, enclosures, appurtenant structures to, or extrusions from any building or structure on any Lot shall be of similar or compatible materials, design and construction. Exterior finishes once approved shall not be altered without the express consent of the Architectural Control Committee.

ARTICLE V

No building or structure shall be used for any purpose other than that for which the building or structure was originally designed, without the approval of the Architectural Control Committee.

ARTICLE VI

No Lot shall be resubdivided nor shall a fractional part of any Lot be sold without the consent of Declarant, which consent shall not be unreasonably withheld. For the purpose of this covenant, eaves, steps and open porches shall not be considered as a part of the dwelling, provided, however, that this shall not be construed to permit any portion of a dwelling on a lot to encroach upon another lot.

ARTICLE IX

The keeping of any pet which by reason of its noisiness or other factor is a nuisance (as determined by the Declarant in its sole judgment) or annoyance to the neighborhood is prohibited.

ARTICLE XV

No trucks or commercial vehicles, boats, motorcycles, campers, house trailers, boat trailers and trailers of any other description shall be permitted to be parked or stored on any Lot unless they are parked or stored in an enclosed garage or in such other enclosure (open or otherwise)

approved by the Architectural Control Committee, except only during periods of approved construction on the Lot.

ARTICLE XVI

No abandoned cars, motorcycles, jeeps, trucks or motor vehicles of any kind whatsoever that are unable to move under their own power may be stored or suffered to remain upon any of the Common Property or on any Lot. ARTICLE XIX

No signs, advertisements, billboards, or advertising structures of any kind may be erected, maintained or displayed on any Lot; provided, however, that nothing herein shall prohibit signs erected or displayed by Declarant in connection with the development of the Properties and the marketing and sale of residences therein, and nothing herein shall prohibit a sale sign erected by any future Owner attempting to market their individual house, provided such sign is not in excess of six (6) square feet.

ARTICLE XX

No rubbish, trash or garbage receptacle shall be placed on the exterior of a Lot except on the day of regularly scheduled collection, unless such receptacle is completely recessed into the ground and equipped with a permanent cover, or unless an above-ground receptacle is approved by the Architectural Control Committee.

ARTICLE XXI

Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction or flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. Service to the individual residences shall be underground.

ARTICLE XXII

ARTICLE XXIII

No fences or screening of any kind shall be erected or maintained on any Lot between the rear of the residence constructed on such Lot and the street which such Lot fronts. Fences may be maintained on other portions of the Lots only with written consent of the Architectural Control Committee as to location, material and height, and the decision of such committee to approve or reject a fence

shall be conclusive. Nothing herein contained shall prevent placement of fences by the Declarant on the Common Ground.

ARTICLE XXIV

ARTICLE XXV

ARTICLE XXVI

ARTICLE XXVIII

A storage shed may be permitted at the rear of each lot upon approval of the Architectural Control Committee after the plans and specifications or a photograph and a plot plan showing the proposed location have been submitted for approval.

ARTICLE XXIX

No hedge or screen planting shall be erected or permitted to remain on any lot closer to the front line than the front of the dwelling erected on said lot.

ARTICLE XXX

Enforcement of these covenants shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

ARTICLE XXXI

Invalidation of any one of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

ARTICLE XXXII

These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years unless an instrument signed by a majority of the then owners of the lots has been recorded agreeing to change said covenants in full or in part. These covenants may be modified at any time by the recording in the Wake County Registry of an Agreement containing the modifications signed by the record owners of two-thirds (2/3) of the lots covered by these covenants at the time of the recording; provided however, so long as Declarant owns any lots subject to this Declaration, or any land shown on the Master Plan for Westpark PUD intended for future subjection hereto, such modification shall not become effective until approved in writing by Declarant.
