

PARK PLACE APPROVED PLANTINGS 2026

Please note that this is a living document that will be updated, accordingly.

Residents may plant bushes, shrubs, and flowers in the front and back of their units if they provide a landscape plan to the HOA Board in advance and the plan is approved.

Once landscaping is installed by the owner, Park Place is no longer responsible for its upkeep. Upon sale of the unit, the landscaping upkeep conveys to the new owner.

Planting	
Ajuga	 A photograph of an Ajuga plant with dark green, pointed leaves and small purple flowers, growing in a garden bed next to a stone step.
Boxwood	 A photograph of a well-manicured, rounded Boxwood shrub in a garden setting with other greenery and a stone path.
Camellia	 A photograph of a Camellia bush with dark green leaves and numerous bright red flowers, situated in a garden area.
Creeping phlox	 A photograph of a large, dense patch of Creeping phlox with bright pink flowers, growing along a concrete walkway.

PARK PLACE APPROVED PLANTINGS 2026

Planting	
Encore azalea	 A photograph of a large, bushy Encore azalea in full bloom with vibrant magenta flowers. The plant is situated in a garden bed with mulch, in front of a light blue house with a brown roof.
Japanese maple	 A photograph of a Japanese maple tree with dense, bright red foliage. The tree is planted in a garden bed with mulch and several small, rounded green shrubs. A yellow house with a white door is visible in the background.
Knockout rose	 A photograph of a Knockout rose bush with numerous bright pink flowers. The bush is planted in a garden bed with mulch.
Liriope	 A photograph of a Liriope plant with long, green, sword-shaped leaves and several upright stems bearing small, light pink flowers. The plant is growing in a garden bed with mulch.
